## WELCOME

Plainfield Community Consolidated School District 202 is very excited to host our AP\* summer institute. The community support and tremendous growth of the AP\* program at District 202 has created an outstanding atmosphere for professional development.

This year's institute will be hosted at the Plainfield East High School campus. The school is conveniently located just a few minutes away from I-55 and close to several local attractions. Plainfield East High School is also close to several hotels, workout facilities, and shopping areas.

## Course Faculty

All courses will be taught by College Board\* certified consultants and current AP\* teachers. The instructors have led numerous AP\* workshops, served as AP\* exam readers, and presented at many summer institutes.

## Course Overviews

These workshops are designed for those teachers who are teaching an AP\* class for the first time or seek to improve their effectiveness. During the week, teachers will become familiar with the curriculum as provided by the College Board\*. The courses listed below will offer teachers great insight into the course design, methodology, delivery of content, and the AP\* exam.
